

These businesses are struggling because of Joe Biden's decision to put socialist priorities ahead of working Americans. Instead of supporting businesses and improving supply chains, he paid workers to stay home. Instead of returning to American energy dominance, he turned to Green New Deal policies. Instead of fighting inflation, Joe Biden proudly wasted trillions of dollars and sent prices skyrocketing.

More than 60 million Americans are employed by small businesses, and they are being crushed by these radical policies. It is time to return to fiscal constraint; it is time to stop the reckless spending; and it is time to once again support our great American small businesses.

DELIVERING TRANSFORMATIONAL INVESTMENTS

(Ms. BROWNLEY asked and was given permission to address the House for 1 minute.)

Ms. BROWNLEY. Madam Speaker, from day one, House Democrats have worked for the people and passed historic legislation to address the challenges facing our country, and clearly, the American people resoundingly supported our efforts.

Democrats passed the CHIPS and Science Act that makes significant investments in American manufacturing, which is the backbone of our economy and drives job creation.

Democrats passed the Inflation Reduction Act to lower costs at the pharmacy counter, in the grocery aisles, and at the gas pump. This landmark legislation also delivers the most significant action on climate in history, while reducing the deficit.

Democrats passed the Infrastructure Investment and Jobs Act to fix our roads and public transit systems. This is one of the largest Federal investments in our Nation's infrastructure and is laying the foundation for strong economic growth by creating millions of good-paying jobs.

While congressional Republicans play politics at the expense of our democracy, Democrats remain steadfast in putting people over politics, and we will continue to deliver transformational investments for America's working families.

SUPPORTING UKRAINE

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Madam Speaker, in February, war criminal Putin launched his illegal invasion of sovereign Ukraine.

His cowardly acts have resulted in the murder of thousands of Ukrainian citizens, the torture of countless others, and the destruction of civilian infrastructure. Putin sacrifices young Russians for his personal gain of oil, money, and power.

The world witnesses the daily atrocities of war criminal Putin and continues to be shocked. Congress has provided bipartisan support for President Vladimir Zelenskyy and the Ukrainian people through sanctions against Putin and his corrupt cronies.

A recent Wall Street Journal poll is significant and shows the majority of Americans continue their compassionate desire to assist the heroic people of Ukraine in victory.

America must not waver in support of victory for Ukraine over war criminal Putin and thus also help deter other would-be global invaders, such as the Chinese Communist Party against Taiwan and Iran against Israel with ICBMs against America.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

HONORING THE LIFE AND LEGACY OF VINCENT GREGORY

(Ms. TLAIB asked and was given permission to address the House for 1 minute.)

Ms. TLAIB. Madam Speaker, I rise today to honor a dear friend, a former colleague, a trailblazer in our community, Michigan State Senator Vincent Gregory of Southfield, who passed away recently at the age of 74.

State Senator Vincent Gregory had a passion for public service his entire life and was known for his integrity.

He was a Vietnam war veteran, a union president, a county commissioner, as well as, again, a former State representative whom I had the honor to serve with.

In 2010, Vincent made history as the first Black resident of Oakland County elected to the Michigan State Senate. He was a strong advocate for voting rights, especially for our overseas servicemembers, and his lasting impact will be remembered for years to come.

My thoughts are with his wife of 44 years, Yvonne, and his entire family during this very difficult time. May his life and legacy serve as a testament of all we can accomplish if we lead with compassion, strength, and purpose.

HONORING SENATOR JOHNNY ISAKSON

(Mr. ALLEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ALLEN. Madam Speaker, it is my great privilege to rise today in strong support of S. 4359, the bill to rename the VA's regional office in Atlanta after our late Senator, Johnny Isakson. I was proud to co-lead the companion bill in the House with my colleague from Georgia, Congressman BISHOP.

Senator Isakson was a great friend and a dedicated public servant to not just me but all Georgians. Over a 45-year career in public service, Senator Isakson forged his legacy as a cham-

pion for America's veterans, concluding with serving as chairman of the Veterans' Affairs Committee in the United States Senate.

After graduating from the University of Georgia, Senator Isakson went on to serve in both chambers of the Georgia State legislature.

In 1983, he rose to become Republican leader of the Georgia House of Representatives, and in 1999, he succeeded Newt Gingrich as the U.S. Representative for Georgia's Sixth Congressional District, then serving as Senator of Georgia from 2005 to 2019.

Throughout his life, Senator Isakson distinguished himself as a man of character with unmatched dedication to the people of Georgia.

I am proud to co-lead this legislation to dedicate the VA's regional office in Atlanta as a living monument to his tireless work in advancing the policies that benefit our Nation's veterans.

SUPPORT THE DREAM AND PROMISE ACT

(Ms. LEGER FERNANDEZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. LEGER FERNANDEZ. Madam Speaker, today, I rise for students. Today, I rise for teachers and doctors. Today, I rise for nurses. I rise for those who care for our youngest and those who care for our elderly and disabled.

Today, I rise and ask for bipartisan support for the Dream and Promise Act. I rise for those who have been in our country and have contributed so much.

I rise for our economy because we know that the Dreamers, if we lose them, we lose half a trillion dollars of economic benefit for our country.

If we lose our Dreamers, our labor force will be decimated because we rely and depend on them. They pay \$5.6 billion in Federal taxes and \$3.1 billion in State and local taxes each year.

If the Senate does not take action and pass the Dream and Promise Act, we will lose our Dreamers and all that they contribute to our United States of America, which we love.

Madam Speaker, I ask for everyone to reach out to their Senators and encourage them to support those who have given so much to our country.

RECOGNIZING COLONEL LAUN R. HALLSTROM

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Madam Speaker, I rise today to recognize Colonel Laun R. Hallstrom of Woodland, Pennsylvania, in Clearfield County, for his distinguished military service.

Colonel Hallstrom is retiring from the Pennsylvania Air National Guard after 36 years of service to our Nation and Pennsylvania.
